

**Lab Goal :** This lab was designed to teach you more about the String class and how if statements are used.

**Lab Description :** Compare two Strings to see if each of the two Strings has the same first letter.

Useful methods :: `.charAt()`

### Sample Data :

```
hello howdy
one two
three two
TCEA UIL
State Champions
ABC DEF
```

### Files Needed ::

```
StringFirstLetterCheck.java
StringFirstLetterRunner.java
```

### Sample Output :

```
hello has the same first letter as howdy

one does not have the same first letter as two

three has the same first letter as two

TCEA does not have the same first letter as UIL

State does not have the same first letter as Champions

ABC does not have the same first letter as DEF
```
